## BALTIMORE BLAZE GUTS LUMBER YARD

Nine Alarms Sounded for Fire Which Destroys Thomas Company Properties.

BALTIMORE, April 8.—Nine alarms were sounded early today for a fire that swept the lumber yard, mill work plant, and office buildings of Joseph Thomas and Sons, occupying a square city block in the southern section of the city. One fireman was injured.

As alarm followed alarm every piece of fire fighting apparatus, with the exception of that of outlying companies, was on its way to the scene. The flames menaced surrounding properties, including a public school building and the Martin Luther Evangelical Church.

The blaze apparently had its origin from a cause yet undetermined in the millwork department, and fifteen minutes after its discovery the entire plant was being swept by the roaring flames, fed by inflammable high grades of wood.

Wild excitement prevailed in the neighborhood of the fire. Several negro families in the vicinity were driven from their homes by the intense heat, fleeing precipitantly in their night clothing. Policemen pounded with their night sticks on the doors of other homes and notified the occupants to be prepared to vacate. Members of the firm could give no estimate of the loss early today, but it will be very heavy.
